

Dear FCC,
I am writing because I cherish democracy and I am worried for it. I am beyond disturbed about the shamelessly partisan Anti-Kerry program which Sinclair is planning on airing. I consider myself a Pro-American, Centrist voter. I expect and need purely objective news programming to judge rightly. I do not need political propaganda dressed up as news -- but badly and gaudily, just in time for Halloween. How can you allow this. I demand the fair and judicious truth. I am not stupid, the American people by and large ARE NOT STUPID though the media and its supposed chaperons act as if we were. It is all too obvious that this uninterrupted prime-time film "Stolen Honor" only refers to itself: Swallowing its own honor and integrity in pretending to be news. Please, do something! That is your job. Does your job have any higher meaning for you or is it just a paycheck? If you care for what you do, you would forbid a media giant's blatant efforts of electioneering, when I know as well as you do that SUCH ELECTIONEERING IS ILLEGAL. Please, do something. In the name of America!
Sincerely and Prayerfully, Constance Hansen
